

WHAT IS I-CONSIDER™?

I-CONSIDER™

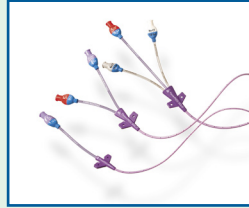

...is a tool for informational purposes to aid clinicians as they consider their vascular access device selection process

Guidewire-assisted PIV

Midline

Peripherally Inserted Central Catheter

Acute CVC

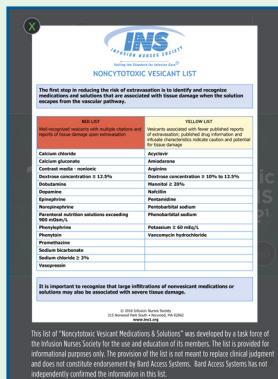

Implantable Port

Please consult product labels and inserts for any indications, contraindications, hazards, warnings, precautions, and directions for use.

I-CONSIDER™

...addresses key drivers for critical assessment:

Type of therapy | Duration of treatment | Difficulty of insertion | Patient and other factors

POTENTIAL RISKS AND CONSIDERATIONS INCLUDE BUT ARE NOT LIMITED TO:

Insertion Risks

- Air embolism
- CLABSI
- Pneumothorax*
- Hemothorax*
- Brachial artery injury
- Carotid/subclav/femoral arterial injury*
- Hematoma
- Perforation
- Wound dehiscence
- Thrombosis

Other Considerations

- Bleeding risk
- Ability of the patient to cooperate
- Position for insertion/removal
- Status of neck and chest
- Respiratory status
- Hemodynamic status
- Risk of infection with placement site

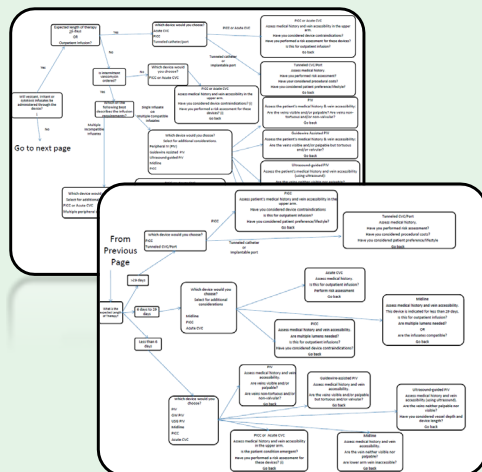

*For CVC or Implantable Port only.

? What is the expected length of therapy?

Greater than 29 days | 6 days to 29 days | Less than 6 days

I-CONSIDER™

...guides you through a complex process

I-Consider™

? Which device would you choose?

Select device for additional considerations.

ACUTE CVC | PICC | Tunneled CVC | Implantable Port

? For less than 6 days, which device would you choose?

Select device for additional considerations.

PIVC | Guidewire Assisted PIV | Ultrasound Guided PIV | Midline | Acute CVC | PICC

I-CONSIDER™ EDUCATIONAL TOOL

INSTRUCTIONS

SCAN THE QR CODE TO DOWNLOAD THE I-CONSIDER Educational Tool
https://www.bardaccess.com/assets/literature/BASEDUC11160054a_i_consider.pdf

FOR IPHONE OR IPADS- Tool is formatted for these devices.

• Open using **iBooks**.

- Click on attachment to open PDF, then using the icon  at the bottom of the document.
- Choose to import using **iBooks**.

DO NOT SWIPE OR SCROLL

Only use the links (YES/NO, ETC) because it will not be a functional tool otherwise.

FOR ANDROID DEVICES:

Open and save attachment and select to open using **Adobe Reader** (may need to download app if not on device already).

DO NOT SWIPE OR SCROLL

Only use the links (YES/NO, ETC) because it will not be a functional tool otherwise.

FOR PC COMPUTERS:

Open and save to a location of their choice (desktop or shared drive).

DO NOT SWIPE OR SCROLL

Only use the links (YES/NO, ETC) because it will not be a functional tool otherwise.

I-Consider™ is a tool for informational purposes to aid clinicians as they consider their vascular access device selection process. The tool is limited in scope, and does not take into consideration several important elements such as: specific patient medical history, conditions, or risk factors. It is not intended to replace the clinical judgment of the Practitioner/Clinician.

Please consult product labels and inserts for any indications, contraindications, hazards, warnings, precautions, and directions for use.
