Driving Patient Safety With Smart Pump-EMR Interoperability—Lessons Learned

Join us for a panel discussion about key lessons learned and the benefits of implementing Alaris™ smart pump-EMR interoperability. Smart pump-EMR interoperability is rapidly becoming the new standard of care since it can help eliminate process gaps that can potentially impact patient safety. Whether your organization is just beginning the journey or is well on the path to infusion interoperability, this session will provide valuable guidance.

Speakers:

Jennifer Biltoft, Pharm. D., BCPS, System Clinical Pharmacy Manager, SCL Health

Sarah Giga, MS, Manager of Clinical Integration, Children's Hospitals and Clinics of Minnesota

Jamie Schmidl, MSN, RN, NE-BC, Project Coordinator/IS Liaison, Interim Director Nursing Operations, TriHealth
